

Executive Summary

DOL YouthBuild 2016-2017 WIOA Performance Reporting Practices and Strategies

1/16/2018

Moderator(s): [Jenn Smith](#)

Speaker(s): [Jenn Smith](#), [Kurt Von Stetten](#)

This webinar focuses on how 2016-2017 grantees will report WIOA performance indicators to DOL – this includes live demonstration of the use of the WIOA Supplemental Report in the MIS and the separate Excel Median Earnings and Measurable Skills Gain Report. This webinar also explores the ways in which programs can use the existing system to track WIOA performance indicators even without the WIOA Supplemental Report available yet. We also review the timeline and reporting cycle for each of the six indicators. During this webinar, we:

- Review how to properly generate and submit the WIOA Supplemental Report
- Review how to fill out and calculate the outcomes for the Excel report and submit it via the MIS reporting submission
- Visualize the DOL program cycle and WIOA performance timeframes
- Explore MIS reports to better understand performance

Run of Show
