Attachment I: Wagner-Peyser Act Program (Employment Service) Requirements for State Plans

The language below is found on pages 21-24 of Information Collection Request (ICR) (OMB Control Number 1205-0522) describes the requirements that states must address in their State Plan submissions in accordance with the Wagner-Peyser Act. Substantive changes made to the language in this section of the ICR are indicated by bold text below.

WAGNER-PEYSER ACT PROGRAM (Employment Service)

(a) Employment Service (ES) Staff.

(1) Describe how the state will staff the provision of labor exchange services under the Wagner-Peyser Act, such as through state employees, including but not limited to state merit staff employees, staff of a subrecipient, or some combination thereof.

(Note – States not seeking to utilize the staffing flexibility in the final rule as part of their 2020 State Plan submission can answer this question by entering that the state will continue to utilize state merit staff employees)

(2) Describe how the state will utilize professional development activities for Employment Service staff to ensure staff is able to provide high quality services to both jobseekers and employers.

(3) Describe strategies developed to support training and awareness across core programs and the Unemployment Insurance (UI) program and the training provided for Employment Service and WIOA staff on identification of UI eligibility issues and referral to UI staff for adjudication.

(b) Explain how the state will provide information and meaningful assistance to individuals requesting assistance in filing a claim for unemployment compensation through one-stop centers, as required by WIOA as a career service.

(c) Describe the state’s strategy for providing reemployment assistance to UI claimants and other unemployed individuals.

(d) Describe how the state will use Wagner-Peyser Act funds to support UI claimants, and the communication between the Employment Service and UI, as appropriate including the following:

(1) Coordination of and provision of labor exchange services for UI claimants as required by the Wagner-Peyser Act;

(2) Registration of UI claimants with the state’s employment service if required by State law;

(3) Administration of the work test for the state unemployment compensation system, including making eligibility assessments (for referral to UI adjudication, if needed), and providing job finding and placement services for UI claimants; and

(4) Provision of referrals to and application assistance for training and education programs and resources.

(e) Agricultural Outreach Plan (AOP). Each state agency must develop an AOP every four years as part of the Unified or Combined State Plan required under sections 102 or 103 of WIOA.
The AOP must include an assessment of need. An assessment need describes the unique needs of farmworkers in the area based on past and projected agricultural and farmworker activity in the state. Such needs may include but are not limited to: employment, training, and housing. **The assessment of need must include:**

1. An assessment of the agricultural activity in the state: 1) Identify the top five labor-intensive crops, the months of heavy activity, and the geographic area of prime activity; 2) Summarize the agricultural employers’ needs in the state (i.e. are they predominantly hiring local or foreign workers, are they expressing that there is a scarcity in the agricultural workforce); and 3) Identify any economic, natural, or other factors that are affecting agriculture in the state or any projected factors that will affect agriculture in the state.

2. An assessment of the unique needs of farmworkers means summarizing Migrant and Seasonal Farm Worker (MSFW) characteristics (including if they are predominantly from certain countries, what language(s) they speak, the approximate number of MSFWs in the state during peak season and during low season, and whether they tend to be migrant, seasonal, or year-round farmworkers). This information must take into account data supplied by WIOA Section 167 National Farmworker Jobs Program (NFJP) grantees, other MSFW organizations, employer organizations, and state and/or Federal agency data sources such as the U.S. Department of Agriculture and the U.S. Department of Labor, Employment and Training Administration.

(f) Outreach Activities. The local offices outreach activities must be designed to meet the needs of MSFWs in the state and to locate and contact MSFWs who are not being reached through normal intake activities. Describe the state agency's proposed strategies for:

1. Contacting farmworkers who are not being reached by the normal intake activities conducted by the employment service offices.

2. **Providing technical assistance to outreach staff.** Technical assistance must include trainings, conferences, additional resources, and increased collaboration with other organizations on topics such as one-stop center services (i.e., availability of referrals to training, supportive services, and career services, as well as specific employment opportunities), the Employment Service and Employment-Related Law Complaint System (“Complaint System” described at 20 CFR 658 Subpart E), information on the other organizations serving MSFWs in the area, and a basic summary of farmworker rights, including their rights with respect to the terms and conditions of employment.

3. Increasing outreach staff training and awareness across core programs including the UI program and the training on identification of UI eligibility issues.

4. Providing outreach staff professional development activities to ensure they are able to provide high quality services to both jobseekers and employers.

5. Coordinating outreach efforts with NFJP grantees as well as with public and private community service agencies and MSFW groups. **If an NFJP grantee is the State Workforce Agency’s (SWA) subrecipient conducting outreach, provide:**
   - A description of that relationship;
   - A description of any other MSFW service providers the NFJP is coordinating with; and
   - The NFJP grantee’s outreach plan to be included in the State Plan.
(g) Services provided to farmworkers and agricultural employers through the one-stop delivery system. Describe the state agency's proposed strategies for:

1. Providing the full range of employment and training services to the agricultural community, both farmworkers and agricultural employers, through the one-stop delivery system. This includes:
   i. How career and training services required under WIOA Title I will be provided to MSFWs through the one-stop centers;
   ii. How the state serves agricultural employers and how it intends to improve such services.

2. Marketing the Complaint System to farmworkers and other farmworker advocacy groups

3. Marketing the Agricultural Recruitment System for U.S. Workers (ARS) to agricultural employers and how it intends to improve such publicity.

(h) Other Requirements.

1. **Collaboration.** Describe any collaborative agreements the SWA has with other MSFW service providers including NFJP grantees and other service providers. Describe how the SWA intends to build upon/increase collaboration with existing partners and establish new partners over the next four years (including any approximate timelines for establishing agreements or building upon existing agreements).

2. **Review and Public Comment.** In developing the AOP, the SWA must solicit information and suggestions from NFJP grantees, other appropriate MSFW groups, public agencies, agricultural employer organizations, and other interested organizations. In addition, at least 45 calendar days before submitting its final AOP, the SWA must provide a proposed plan to NFJP grantees, public agencies, agricultural employer organizations, and other organizations expressing an interest and allow at least 30 days for review and comment. The SWA must: 1) Consider any comments received in formulating its final proposed AOP; 2) Inform all commenting parties in writing whether their comments have been incorporated and, if not, the reasons therefore; and 3) Transmit the comments and recommendations received and its responses with the submission of the AOP.
   i. The AOP must include a statement confirming NFJP grantees, other appropriate MSFW groups, public agencies, agricultural employer organizations and other interested employer organizations have been given an opportunity to comment on the AOP. Include the list of organizations from which information and suggestions were solicited, any comments received, and responses to those comments.

3. **Data Assessment.** Review the previous four years Wagner-Peyser Act data reports on performance. Note whether the state has been meeting its goals to provide MSFWs quantitatively proportionate services as compared to non-MSFWs. If it has not met these goals, explain why the state believes such goals were not met and how the state intends to improve its provision of services in order to meet such goals.

4. **Assessment of progress.** The plan must include an explanation of what was achieved based on the previous AOP, what was not achieved and an explanation as to why the state

1 Where the NFJP grantee is the subrecipient, the NFJP grantee would not need to submit comments. Instead, the SWA must solicit information from other appropriate MSFW groups, public agencies, agricultural employer organizations, and other interested organizations.
believes the goals were not achieved, and how the state intends to remedy the gaps of achievement in the coming year.

(5) *State Monitor Advocate.* The plan must contain a statement confirming the State Monitor Advocate has reviewed and approved the AOP.
